# Subject Index

VOLUME 24, 2003

- Acceptable titles, service delivery options for  
secondary students with language disorders,  
193
- Acute care practice, motor speech disorders and,  
306-307
- Administrative law, 271
- Administrative support, speech-language caseloads  
and, 43-44, 179
- Administrators, resistant, teacher in-service for  
stuttering disorders and, 57
- Adolescents with language disorders, service  
delivery options for, 181-198
- Adults, normal and brain-damaged, affective  
communication in, 69-92
- Advance care planning, ethics issues in dysphagia  
and, 296
- Advance directives, 281-282, 285-300
- Advocacy, education and, 282-283
- Affective communication, 65-66, 67-68, 69-92
- Affective disorders, 131-143
- Affective facial expression disorders, disorders of, 77
- Affective lability after brain damage, 74-75
- Affective language after right hemisphere brain  
damage, 107-120
- Affective processing theories, brain damage and,  
75-76
- Affective regulation, disorders of, 73-74, 75, 76
- American Speech-Language-Hearing Association  
(ASHA), 261-262, 301-312
- Anxiety disorders, 134-136
- Aphasia, neurobehavioral assessment of mood and  
affect in patients with neurological disorders  
and, 131-143
- Applied ethics, 261-262, 272
- Aprosodia, neurobehavioral assessment of mood  
and affect in patients with neurological  
disorders and, 131-143
- Areas of school, service delivery options for  
secondary students with language disorders,  
193-194
- Articulation, 13-20, 245-256
- Artificial nutrition, refusal of, ethics issues in  
dysphagia and, 293-296
- Assent, advance directives and, 281-282
- Assessment, 69-92, 126, 131-143, 190-191, 285-300
- Attitudes, teacher in-service for stuttering disorders  
and, 53-58
- Augmentative communication, motor speech  
disorders and, 309-310
- Authorship, responsible assignment of, responsible  
conduct of research and, 331
- Autism spectrum disorders, 124-125
- Autonomy, 276-277, 303-305
- Basal ganglia, neurobehavioral approach to prosody  
and, 93-106
- Beneficence, 305
- Bias, contextual, effects of, on affective  
comprehension, 108-109
- Bilingualism, interpreter in interactions with  
speech-language pathologists, parents, and  
students, 235-244
- Biomedical ethics in management of motor speech  
disorders, 301-312
- Brain, prosody and, 95-99
- Brain damage, 69-92, 107-120
- Building principal, support from, literacy teams  
and, 205-206
- Caseload, 155-180, 245-256
- Charting, literacy teams and, 211
- Classroom modifications, teacher in-service for  
stuttering disorders and, 56
- Clinical decision-making, ethics issues in dysphagia  
and, 285-300
- Clinical ethics, 275-284, 301-312
- Clinical world, integrating real world with,  
stuttering in children and, 38
- Codes of ethics, research, 332
- Cognitive-communication impairments, 278
- Cognitive impairment, clinical ethics in context of,  
rights and protections and, 275-284
- Collaboration, 41-46, 49-51, 235-244
- Collaborative consultation model, service delivery  
options for secondary students with language  
disorders, 187-188

- Collegiality, literacy teams and, 207
- Combination team, treatment of dysphagia in schools and, 218
- Common law, 271
- Communication
- affective, 65-66, 67-68, 69-92
  - augmentative, motor speech disorders and, 309-310
- Communication difficulties, social, in children, 121-130
- Communication disorders, speech-language services in schools, law and, 147-154
- Compensation language, speech-language caseloads and, 180
- Competence, clinical ethics in context of language and cognitive impairment and, 275-284
- Complementary teaching, speech-language caseloads and, 178
- Complexity, task, effects of, on affective comprehension, 109-111
- Comprehensive service delivery model for secondary students with language disorders, 188-189
- Concomitant disorders, stuttering in children and, 13-20
- Conduct, 301-312, 323-337
- Confidentiality, telepractice and, 320-321
- Conflicts of interest, research and, 328
- Consent, informed, ethics issues in dysphagia and, 288-292
- Consequentialism, 266-267
- Constitutional law, 272
- Constraints, teacher, teacher in-service for stuttering disorders and, 57-58
- Consultation, 47-52, 178, 221-222
- Consultative collaboration, stuttering in children and, 49-50
- Contextual bias, effects of, on affective comprehension, 108-109
- Contract strategies, speech-language caseloads and, 180
- Counseling, service delivery options for secondary students with language disorders, 195
- Course for credit, service delivery options for secondary students with language disorders, 191-192
- Crying, episodes of, after brain damage, 74-75
- Cue management, stuttering in children and, 29
- Cues, emotion, reading, in children, 121-130
- Cultural issues, stuttering in school settings and, 21-26
- Curriculum-relevant practices, literacy teams and, 210
- Decision-making capacity (DMC), 275-284, 285-300
- Degenerative disease, motor speech disorders and, 307-309
- Deglutition disorders, ethics issues in dysphagia and, 285-300
- Dehydration, ethics issues in dysphagia and, 294-296
- Depression, 131-143
- Desensitization, stuttering in children and, 36-37
- Diagnostician, speech-language caseloads and, 180
- Diet, 215-234, 285-300
- Direct collaboration, stuttering in children and, 50-51
- Directives, advance, 281-282, 285-300
- District team, treatment of dysphagia in schools and, 218
- Diversified roles, speech-language caseloads and, 180
- DMC. *See* Decision-making capacity (DMC)
- Documentation, interdisciplinary team approach to dysphagia treatment in schools and, 226
- Duty-based morality, 266
- Dysfunctional swallowing. *See* Dysphagia
- Dysphagia, 215-234, 285-300
- Dysprosody, neurobehavioral approach to, 93-106
- Early release day, speech-language caseloads and, 179
- Education, 282-283, 329-330
- Emergency plan training, interdisciplinary team approach to dysphagia treatment in schools and, 222
- Emotion comprehension in children, 121-130
- Emotion cues, reading, in children, 121-130
- Emotional disorders, 132-142
- Emotional language, 108, 111-112
- Emotions, 45-46, 69-92, 107-120
- Enteral nutrition, ethics issues in dysphagia and, 285-300
- Episodes of laughing or crying after brain damage, 74-75
- Ethics
- applied, 261-262, 272
  - biomedical, in management of motor speech disorders, 301-312
  - clinical, 275-284, 301-312
  - dysphagia and, patient refusal of assessment or treatment and, 285-300
  - morality and law and, 263-274
  - professional, in management of motor speech disorders, 301-312
  - responsible conduct of research and, 323-337

- in speech and language pathology, 259-260  
telepractice and, 313-322  
virtue, 265-266
- Fabrication, research misconduct and, 324-326  
Facial expression, 69-92, 121-130  
Falsification, research misconduct and, 324-326  
Family, 41-46, 47-52, 221, 235-244  
Federal law, speech-language services in schools and, 147-154  
Feeding, 215-234, 285-300  
Feelings of family members and teachers, stuttering in children and, 45-46  
Flexible monthly schedule, speech-language caseloads and, 170, 176-177  
Fluency disorders, 33-40, 47-52. *See also* Stuttering in children  
Fluency specialists, stuttering in children and, 48-49  
FRIENDS: The Association of Young People Who Stutter, 9  
Frontal lobe syndromes, neurobehavioral assessment of mood and affect in patients with neurological disorders and, 131-143  
Frontal systems, affective/mood disorders and, 136  
Generalization in school settings, stuttering in children and, 33-40  
Goal setting, literacy teams and, 211-212  
Grading, service delivery options for secondary students with language disorders, 192-193  
Healthcare professionals, relationship between patients and, in management of motor speech disorders, 306  
Hierarchies, stuttering in children and, 37-38  
Home program, structured, National Outcomes Measurement System and, 249-250  
Human subject protections, research and, 326-328  
Humor appreciation after right hemisphere brain damage, 107-120  
Hydration, refusal of, ethics issues in dysphagia and, 293-296  
IDEA. *See* Individuals with Disabilities Education Act (IDEA)  
Identification, service delivery options for secondary students with language disorders, 190  
IEP. *See* Individualized education plan (IEP)
